

The Progressive Caucus of the California Democratic Party

Resolution of Commendation, DNC Chairman Howard Dean

WHEREAS Howard Dean, as the Chair of the DNC, continued to prioritize and implement the 50 State Strategy despite serious opposition from within the Democratic Party, and

WHEREAS the victory of Barack Obama in the November 4, 2008 presidential election clearly involved the electoral votes of some historically Republican states that might not have become Democratic if not for the implementation of the 50 State Strategy,

THEREFORE be it resolved that the Progressive Caucus of the California Democratic Party extend a formal commendation to Governor Dean for his excellent work with the DNC on the 50 State Strategy and

THEREFORE be it also resolved that this Resolution of Commendation be circulated for co-sponsorship by the other Caucuses in the California Democratic Party, and that the final resolution be sent to Governor Dean.
